Updates on SSHOC: Final conference and more

[Last chance to register for the final SSHOC conference](#)

The SSHOC project comes to a close next month and the final SSHOC conference is titled:

"Advancing SSH Research with SSHOCingly good and sustainable resources".

The conference takes place live in Brussels and simultaneously online, from 6 to 7 April. Register before 31 March if you would like to attend the delegates' social dinner on 6 April.

[Join in with the SSHOC'n Tell Challenge](#)

Also across 6 and 7 April, the SSHOC'n Tell Challenge invites participants to try out SSHOC tools in a series of fun interactive tasks. There are some great prizes up for grabs. Register to play as an individual or with a team by 29 March.

New SHOCC resources:

SHOCC recently published two sets of workshop notes that accompanied recent events; [Data Management Planning and Overcoming Challenges in Social Sciences Data Sharing](#) and [Copyright Issues in Secondary Data Use](#).
